About Us

Egy Minerals is a leading Egyptian company, established in 2011, specialized in the production and export of high-quality salt products, including sea salt, rock salt, and salt tablets. With a strong commitment to excellence, we ensure that all our products meet international standards and satisfy the diverse needs of global markets.

We combine natural resources with advanced processing techniques to deliver consistent purity, reliable performance, and competitive value. Our operations are driven by precision, quality control, and a deep understanding of industry requirements.

With extensive experience in the salt industry, Egy Minerals has successfully expanded its export network to serve clients across Europe and North America, building a strong reputation for reliability and quality

At Egy Minerals, we take pride in building long-term partnerships with our clients by offering dependable supply, flexible solutions, and outstanding customer service. Our goal is to strengthen our presence in international markets while maintaining the highest levels of integrity and professionalism

”

Vision

To lead the salt industry through sustainable solutions while maintaining the highest standards of quality and customer satisfaction

Mission

At Egy Minerals, our mission is to set new standards in salt production and export by providing pure, high-quality products that meet global demands with integrity and precision

Our Products & Product Specifications

Product	Specifications	Competitive Advantage
Sea Salt	NaCl: 94-98% min Moisture: 1-4% max Form: Lumps / Coarse /	Naturally rich in minerals for unique taste and quality Produced using sustainable solar evaporation Consistently high purity suitable for food & light industrial use
Rock Salt	NaCl: 97.5-99.0% min Moisture: 1- 2% max Insoluble Matter: 1 % max Form: Fine / Coarse / Flakes	Cost-effective and versatile for industrial applications Available in various sizes for de-icing, water treatment, and feed use High reliability and large-scale supply capability
Salt Tablets	NaCl: 99-99.8% Moisture: ≤ 0.2% Form: Compressed tablets (10-25 g each) Insoluble Matter: ≤ 0.02%	Extremely high purity protects water softeners and industrial equipment Uniform and controlled dissolution for consistent performance Ideal for residential, commercial, and industrial water treatment systems

Packaging Options

At Egy Minerals, we offer flexible packaging solutions to meet the diverse needs of our clients and ensure the safe delivery of our products. Our packaging options include:

- ▶ 25 - 50 kg Polypropylene Bags – ideal for retail and industrial use
- ▶ 1000 kg jumbo Bags – suitable for bulk handling and storage
- ▶ Dry bulk cargo – for large-scale industrial requirements
- ▶ Custom Packaging – available upon request to meet specific client needs

All our packaging is designed to protect product quality, prevent contamination, and facilitate easy handling during transport. We also ensure that all packaging complies with international export standards

Production & Quality Control

Production Process:

- ▶ Carefully selected raw materials from natural sources
- ▶ State-of-the-art processing facilities for washing, drying, and grading
- ▶ Precision crushing, sieving, and tablet compression (for salt tablets)
- ▶ Sustainable and environmentally friendly methods, including solar evaporation for sea salt

Quality Control Measures:

- ▶ Strict testing of raw materials and finished products for purity, moisture content, and mineral composition
- ▶ Monitoring of particle size, hardness, and solubility
- ▶ Compliance with international food safety and industrial standards
- ▶ Continuous inspection at every stage to ensure reliability, safety, and consistency

Our integrated approach to production and quality control guarantees high-purity, premium salt products that meet the demands of clients across Europe, North America, and beyond.

Export & Logistics

At Egy Minerals, we ensure a seamless export experience for our clients worldwide. We provide flexible shipping solutions through our trusted agents and partners to guarantee timely delivery at competitive prices.

Key Features:

- 1 Efficient handling and documentation for smooth customs clearance
- 2 Reliable transportation to Europe, North America, and other international markets
- 3 Flexible shipment options: bulk, containers, and special packaging requests
- 4 Competitive pricing without compromising product quality or service

Our goal is to make the export process hassle-free, ensuring that our premium salt products reach our clients safely, on time, and in perfect condition.

CERTIFICATE OF WEIGHT Based on DRAFT SURVEY

A consignment designated as per Bill of lading received from Client:

SHIPPER : EGY MINERALS FOR IMPORT AND EXPORT, EGYPT, DAMIETTA, NEW DAMIETTA

CONSIGNEE : ENEGY COAL S.P.A. VIA SAN VINCENZO 2, 16121 GENOVA-ITALY

NOTIFY ADDRESS : IMP POLARIS 2

VESSEL : ALEXANDRIA PORT - EGYPT

PORT OF LOADING : SAVONA PORT - ITALY

PORT OF DISCHARGE : SAVONA PORT - ITALY

SHIPPER'S DESCRIPTION OF GOODS: ROCK SALT IN BULK

GROSS WEIGHT : 17000.00 MT

BILLS OF LADING NO. : 1

BILLS OF LADING DATE OF ISSUE : ALEXANDRIA PORT - EGYPT 13/07/2025

In pursuance of instructions received from MIS EGY MINERALS FOR IMPORT AND EXPORT, we attended at loading point of Alexandria Port, Egypt for inspection of quantity of above designed consignment by initial and final finding of draft survey method and report as following:

We certify that:

Initial draft survey : 28th July 2025 from 12:00 Hrs. to 14:00 Hrs.
 Final draft survey : 13th July 2025 from 00:30 Hrs. to 02:30 Hrs.

The quantity loaded was determined by reading vessel's draft before and after loading, jointly between TUV Austria, Egypt Surveyors and vessel's chief officer based on vessel's hydrostatic tables, the quantity loaded of the above-mentioned consignment on-board above-mentioned vessel was determined by mean of draft survey to be:

QUANTITY AS PER BILL OF LADING NO. (1): 17,000.00 MT
(ONLY ONE / SEVEN ZERO ZERO ZERO ZERO METRIC TONS)
DRAFT SURVEY RESULT: 17,000.00 MT
(ONLY ONE / SEVEN ZERO ZERO ZERO ZERO METRIC TONS)

This report reflects only our findings at the time, date, and place of inspection only. The Consignment is issued by the Company under its General Conditions of Service printed overleaf. Attention is drawn to the limitation of liability, indemnification and jurisdiction in the General Conditions.

All drafts, drawings, as well as invoices, labels, tags, and seal markings were examined in conjunction with the vessel's Officers. Inspections were based on the vessel's hydrostatic tables and the vessel's calibration data, as provided to the draft surveyors. This certificate is not a report of measurement and applies only to the cargo loaded at the date, time, and place of inspection with the vessel's Master being responsible for the quantity as ascertained on the vessel at all times.

The finding of the difference between the vessel's draft before and after loading, and the draft of the vessel only, are not the basis of any of the information contained herein. The Company's responsibility is to the client only and this document does not constitute any warranty to a transaction from inspection and the rights and obligations of the client remain unaffected.

Inspection was carried out in accordance with the relevant standards. Only the fact reported in a legally binding manner and may be used in any legal process, including arbitration.

THIS CERTIFICATE IS VALID ONLY WHEN SIGNED BY TUV AUSTRIA, EGYPT ALONG WITH FOLLOWING SIGNATURE

CERTIFICATE OF SAMPLING AND ANALYSIS

In pursuance of instructions received from MIS EGY MINERALS FOR IMPORT AND EXPORT, we attended at Client's Warehouse, Alexandria, Egypt, for inspection of quality of stored planned quantity 17000 MT of Rock Salt in Stockpile, and report as following:

We certify that:

Sampling commenced : 24th July 2025 at 18:00 hrs.
 Sampling completed : 24th July 2025 at 19:00 hrs.

QUALITY:

Sample increments were taken basis on indicative sample drawn from accessible visible parts of piled cargo upper surface using metallic shovel, by TUV Austria, Egypt inspectors, in accordance with JISM 10092, gross indicative sample mix together and forming a sample was obtained for analysis.

Distribution of loaded samples:

Retained Samples	Seal Number(s)	Comments
Analysis Purposes	#1217075 - 1217076#	Retained sample as reference if any for Ninety days from sampling date
	#12171074#	Analysis at Our Mineral laboratory

ANALYSIS RESULT:

Based on received sample with seal No. #1217074# Analysis test at Our Laboratory, we hereby report as following:

Specifications:	RESULT %	Test method
Moisture	0.66	
Purity (as sodium chloride)	98.55	
Water Insoluble Matter	0.61	
Ca ⁺⁺	0.16	
Mg ⁺⁺	0.07	ASTM E534-03
SO ₄ ⁺⁺	0.28	
CaSO ₄	0.40	
CaCl ₂	0.12	
MgCl ₂	0.27	
Size analysis(mm):		
+6.30	0.65	ASTM E72006
+8.50 - 6.30	89.35	
-8.500	10.00	

This report reflects only our findings at the time, date, and place of inspection only. The Consignment is issued by the Company under its General Conditions of Service printed overleaf. Attention is drawn to the limitation of liability, indemnification and jurisdiction in the General Conditions.

Due to the inaccessibility of part of the cargo, the samples collected have an indicative value only and will not necessarily be representative of the entire cargo, but only of that part accessible and exposed at the time, date, and place of inspection.

This certificate is a statement that confirmed receipt samples of the type do not satisfy the relevant requirements by probability sampling, and as such cannot be used to draw statistical inferences with a possible statistical error or bias. The reliability of this sampling method is limited to the samples examined.

Inspection of the document is required for the information contained herein reflects the Company's findings at the time, date, and place of inspection only and under the rules of inspection and the rights and obligations of the client remain unaffected. Only the fact reported in a legally binding manner and may be used in any legal process, including arbitration.

Test Certificate is valid only when signed by TUV AUSTRIA, EGYPT ALONG WITH FOLLOWING SIGNATURE
